

## 2024 National Meeting

**Dates:** May 1<sup>st</sup> - 3<sup>rd</sup>, 2024

### **Meeting Host: Project ADAM KC at Children's Mercy Kansas City**

Project ADAM began in 1999 after the death of Adam Lemel, a 17-year-old Whitefish Bay, WI, high school student who collapsed and died while playing basketball.

Project ADAM is growing now more than ever. Our national program is comprised of 41 program sites in 31 states all working collaboratively to save lives by empowering schools and communities to be prepared for a sudden cardiac arrest. Project ADAM is accredited with over 200 saves nationally from our "Heart Safe" work out in the community,

Each year we host a national meeting where program coordinators, medical directors and community partners converge to discuss best practices and ideas through our work in advocacy, education, and preparedness as we work to make schools and communities "Heart Safe." This year's meeting will be held in person by Project ADAM KC at Children's Mercy Kansas City where upward of 125 attendees are expected to participate.

Our work could not be accomplished without the help of our partners and our national meeting is an excellent opportunity to network and collaborate.
